### **REQUESTOR'S POSITION SUMMARY**

**Requestor's Position Summary:** "In accordance with DWC rule 134.600 (c)(B) and (p)(B)(10) an insurance carrier is liable for all reasonable and necessary medical costs relating to interdisciplinary pain management, functional restoration, physical/occupational therapy and/or counseling when it was pre-authorized prior to providing the care. As can be seen from the attachments the medical care in question was preauthorized at the address in which the care was provided. Texas Mutual Insurance Company (TMIC) and the Texas Star HCN were aware throughout the entire process (and for 2 years prior to the initial denial of benefits) that PRIDE was a non-network provider of rehabilitation services. Unique electronic billing requirement requested by Texas Star HCN were established for PRIDE services in mid-2008, and used continuously from that time forward. At the time all services were pre-authorized. Dr. Larry Johnson, a PRIDE physician independent contractor, was listed as Requesting Provider. For those reasons the carrier is liable for the medical services that are the subject of this request for Dispute Resolution."

**Amount in Dispute:** \$1,197.54

### **RESPONDENT'S POSITION SUMMARY**

**Respondent's Position Summary:** "The requestor provided psychotherapy services to the claimant from 04/07/2010 through 05/06/2010. This claim is in the Texas Star Network ('Network')...The requestor is not a participating health care provider in that network. The treating doctor is James M. Farrell, M.D. ...DWC 134.600(h) states that the carrier shall approve or deny preauthorization requests based solely upon the medical necessity of the health care required to treat the injury. ...Review of Texas mutual's claim file shows (1) the requestor's documented treatment does not reflect treatment one would normally consider as emergency care; (2) the claimant lived within the service area of the network; and (3) there is no documentary evidence of a referral by the treating doctor to the requestor for treatment. ...Texas Mutual has no record of any request for a referral from the treating doctor to this out-of-network provider nor has the requestor provided any evidence of such in its DWC-60 packet."

#### **Issues**

- Is the requestor eligible for medical fee dispute resolution pursuant to 28 Texas Administrative Code §133.305 and §133.307?

#### **Findings**

- This dispute was filed at the Texas Department of Insurance, division of Workers' Compensation (Division), Medical Fee dispute Resolution section on February 28, 2011 for resolution pursuant to 28 Texas Administrative Code §133.307.
- 28 Texas Administrative Code §133.305(a)(4) defines a medical fee dispute as "A dispute that involves an amount of payment for non-network health care rendered to an injured employee (employee) that has been determined to be medically necessary and appropriate for the treatment of that employee's compensable injury." Non-network health care is defined in Section (a) (6) of the same rule as "Health care not delivered, or arranged by a certified workers' compensation health care network as defined in Insurance Code Chapter 1305 and related rules..." 28 Texas Administrative Code §133.307(a)(1) similarly states that "this section applies to a request for medical fee dispute resolution for non-network or certain authorized out-of-network health care..." Therefore, pursuant to 28 Texas Administrative Code §133.305, and §133.307, the Division's medical fee dispute resolution section may not address fee disputes involving health care delivered, or arranged by a certified network as defined by Insurance Code Chapter 1305, but may resolve disputes involving certain authorized out-of-network health care.
- Out-of-network health care is defined at Insurance Code Chapter 1305, section 1305.006 *titled Insurance Carrier Liability for Out-of-Network Health Care*. No documentation was found to support that the health care in dispute is authorized, out-of-network care pursuant to Insurance Code Chapter 1305. Therefore, the dispute may not be resolved pursuant to 28 Texas Administrative Code §133.307, and medical fee dispute resolution is not the appropriate venue for resolution of the dispute filed by the requestor.

#### **Conclusion**

For the reasons stated above, the division concludes that medical fee dispute is not the appropriate venue for resolution of the issues raised by requestor. As a result, the amount ordered is \$0.00.

## **ORDER**

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
